

# Anusri Pampari

---

CONTACT INFORMATION	Master of Science, Department of Computer Science University of Illinois at Urbana-Champaign	pampari2@illinois.edu p.anushri25@gmail.com <a href="https://unnat.github.io/">https://unnat.github.io/</a>
RESEARCH INTERESTS	<b>Machine Learning and Natural Language Processing:</b> Application of machine learning to health-care and computational biology, Model Interpretability, Question Answering	
EDUCATION	<b>University of Illinois at Urbana-Champaign (UIUC)</b> M.S., Computer Science, 2016-18	<b>3.9/4.0</b>
	<b>Indian Institute of Technology (IIT), Bombay, India</b> B.Tech - M.Tech (Dual Degree), Electrical Engineering, 2011-16	<b>9.1/10.0</b>
PUBLICATIONS	<b>EMNLP 2018:</b> Empirical Methods in Natural Language Processing “emrQA: A Large Corpus for Question Answering on Electronic Medical Records” <i>Authors:</i> Anusri Pampari, Preethi Raghavan, Jennifer Liang and Jian Peng <a href="#">[arXiv link]</a> Oral paper (acceptance rate: 7%) Awarded the <b>Best Paper and Presentation Award</b> at the American Medical Informatics Association’s (AMIA 2017) doctoral student consortium. Only masters student to be selected to present at the venue out of 6 graduate students. <b>Collaborations:</b> IBM Research (Medical & NLP researchers) - Work started at an internship <ul style="list-style-type: none"><li>Proposed a framework to generate a large-scale QA dataset consisting of questions, answers and logical forms using existing resources and minimal expert input.</li><li>Used this framework to generate a QA dataset for Electronic Medical Records.</li><li>Characterized the dataset and evaluated various heuristic and neural QA baselines.</li></ul> <b>RECOMB 2019:</b> 23rd International Conference on Research in Computational Molecular Biology “Learning Predictive Embeddings for Heterogeneous Molecular Networks” <i>Authors:</i> <a href="#">Anusri Pampari</a> , Yuexi Chen, Mark Leiserson and Jian Peng <a href="#">[in progress]</a> <b>Collaborations:</b> University of Maryland (CS department, Leiserson research group) <ul style="list-style-type: none"><li>Designing and evaluating a neural network framework to learn shared node embeddings and network-specific models in multiple heterogeneous networks</li></ul> <b>CHIIR 2019:</b> ACM SIGIR Conference on Human Information Interaction and Retrieval “Help Me Search: Leveraging User-System Collaboration for Query Construction” <i>Authors:</i> Saar Kuzi, Abhishek Narwekar, <a href="#">Anusri Pampari</a> and ChengXiang Zhai <a href="#">[under review]</a> <ul style="list-style-type: none"><li>Implemented a novel framework where the search engine and the user work together to iteratively reformulate a input query. Method is shown to improve retrieval accuracy for difficult queries.</li></ul>	
AWARDS	<b>Siebel Scholar:</b> \$35k awarded annually for academic excellence and demonstrated leadership to over 90 top students from the worlds leading graduate schools <a href="#">[Press release]</a> <a href="#">[’18]</a> <b>Academic Awards</b> <ul style="list-style-type: none"><li>Academic Excellence Award for ranking 2nd in dept’s B.Tech - M.Tech program, IIT Bombay <a href="#">[’16]</a></li><li>Undergraduate Research Award for outstanding research contribution, IIT Bombay <a href="#">[’15]</a></li><li>Best Research Project Award out of 112 institute wide projects, IIT Bombay <a href="#">[’12]</a></li></ul> <b>Leadership Awards</b> <ul style="list-style-type: none"><li>Organizational Excellence Award for leading the dept’s mentorship body, IIT Bombay <a href="#">[’16]</a></li><li>Outstanding Mentorship Honor out of 200 institute student mentors, IIT Bombay <a href="#">[’14]</a></li></ul> <b>Travel Awards</b> <ul style="list-style-type: none"><li>Tapia Conference Travel Grant: awarded to 3 graduate students from UIUC <a href="#">[’18]</a></li><li>Google Conference Travel Grant: awarded to 8 students from graduate schools in USA <a href="#">[’18]</a></li></ul>

WORK EXPERIENCE	<b>Question-Answering: IBM Research</b> , Cambridge, MA (May - Jul 2017) <i>Guide: Preethi Raghavan - NLP Researcher, Jennifer Liang - Medical Researcher</i> Worked on question-answering and semantic parsing, extended work to a submission at EMNLP
	<b>Mobile Computing for Image Processing: Rice University</b> , Houston, Texas (May'14 - Dec'14) <i>Guides: Farinaz Koushanfar (ECE): UCSD, Azalia Mirhoseini: Googly Brain</i> Explored the capability of using both mobile GPUs and CPUs (Snapdragon 800 mobile platform) to accelerate a tree matching pursuit algorithm for sparse approximation of image dictionaries.
RESEARCH PROJECTS	<b>Neural Network Distillation</b> (May'18 - Ongoing) <i>Guide: Jian Peng (CS): UIUC</i> Exploring a novel variant of knowledge distillation architecture to effectively transfer the knowledge from a cumbersome model to a small model that is more suitable for deployment.
	<b>Machine Learning in Computational Biology</b> (Jan'17 - Aug'17) <i>Guide: Jian Peng (CS): UIUC</i> Implemented models to infer the normal (non-cancer) gene cells targeted by cancer therapy drugs Worked on transfer learning to improve the performance of drug sensitivity prediction in mice where limited data is available
	<b>Health-Care Applications on FPGA Hardware</b> (Jun'14 - Jun'16) <i>Guide: Madhav Desai (EE): IIT Bombay</i> Improved signal processing performance (acceleration of 10x-30x and power savings of two orders) used for the detection and compression of ECG signals in an Arrhythmia diagnostic tool. Designed a pipelined hardware architecture that reduces the latency (2x speedup) in Smith Waterman dynamic programming algorithm for accelerating DNA sequence alignment.
COURSE PROJECTS	<ul style="list-style-type: none"> <li>Graph Convolution Networks for Protein Interface Prediction   Bioinformatics   Prof. J. Peng</li> <li>Co-reference Resolution using RNNs   Machine Learning   Prof. D. Roth</li> <li>Triple Scoring Task, WSDM Cup   Data Mining   Prof. J. Han</li> <li>Indoor Localization using WiFi   Computer Vision   Prof. D. Hoiem</li> <li>An implementation survey on variants of RNN   Deep Learning   Prof. S. Lazebnik</li> </ul>
GRADUATE COURSES	<b>Machine Learning:</b> Machine Learning (ML), Data Mining, Computer Vision, Cutting Edge Trends in Deep Learning, Bioinformatics, Advanced Information Retrieval, ML in Computational Biology
	<b>High Performance Computing:</b> Advanced Computing, High Performance Scientific Computing, VLSI CAD, Microprocessors, VLSI Design, Digital Systems, Systems Design, Processor Design
TEACHING	<b>Graduate Teaching Assistant:</b> 4 semesters at UIUC, 2 semesters at IIT Bombay (Aug'15 - Dec'17) <ul style="list-style-type: none"> <li>IIT Bombay: VLSI CAD (EE677) &amp; Digital Electronics (EE224)</li> <li>UIUC: Bioinformatics (CS466), Intro. to Computing (CS101) &amp; Discrete Mathematics (CS173)</li> </ul>
	<b>Senior Academic Mentor</b> , Counselling Service, IIT Bombay: 4 semesters (Aug'12 - May'14) <ul style="list-style-type: none"> <li>Conducted remedial classes for CS and EE courses for peers needing academic help</li> </ul>
LEADERSHIP EXPERIENCE	<b>Head of Department Academic Mentorship Program, DAMP'15</b> (Aug'15 - Aug'16) <ul style="list-style-type: none"> <li>Led a team of 17 mentors (interviewed 80 applicants) to help students facing difficulties with academic load - feedback showed 95% students received proactive help from these mentors</li> <li>As a part of dept. committee, involved in restructuring undergraduate curriculum</li> <li>Enhanced faculty-student and counsellor-student interactions in the dept. by various initiatives</li> </ul>
	<b>Technical Innovator, MIT Health Technology Camp</b> (Jul'15 - Dec'15) <ul style="list-style-type: none"> <li>Worked closely with Ocularist's at L.V Prasad Eye institute</li> <li>Manufactured 'Hydro-Pro', a solution to automate prosthetic eye cleaning</li> </ul>
	<b>Robotics Club Coordinator</b> (Aug'12 - Aug'13) <ul style="list-style-type: none"> <li>Part of a 8 member team responsible for Robotics Club activities at the university</li> <li>Organized Technical General Championships and Inter-Hostel robotic events</li> <li>Imparted technical knowledge by organizing workshops, industrial visits and guest lectures</li> </ul>
